## Firm of the Year in Canada

# Brookfield Asset Management

Brookfield Asset Management is a large alternative asset manager that grew bigger in 2019, after it purchased more than 60 percent of credit giant Oaktree Capital Management in August. The Toronto-based firm also closed its latest flagship fund, Brookfield Capital Partners V, announcing in November it had raised total commitments of \$9 billion, above its \$7 billion initial target. The firm now has more than \$510 billion in assets under management.
